# WELCOME TO THE HAMPTON AREA CHAMBER OF COMMERCE'S

2021 edition of the *Hampton Area Visitor's Guide*

Unlike the summer of 2020 where we were all faced with the ugliness of the pandemic, we are thrilled once again to share the natural beauty of the Hampton Beach and the local seacoast area with all of you! This guide contains everything you wanted to know about one of the best beaches in the country. Within this guide you will find free activities, events, amenities, and the awards which have made the New Hampshire Seacoast one of the most desirable vacation destinations. This information is also made available on the websites listed below. Hampton Beach is one of the most beautiful state parks in New Hampshire. We are blessed to be in an area that values a strong sense of community and commitment to both the residents and visitors. It is an honor to work alongside Town Officials, Hampton Beach Village District leaders, business owners, volunteers, and residents to be able to successfully put on the free nightly concerts, weekly and holiday fireworks, the Master Sand Sculpting Competition, the Children's Festival, free outdoor Monday night movies, the Hampton Beach Seafood Festival, and many other activities. Through the programs and events offered, our goal is to provide opportunities for everyone to get involved and connected. There are activities offered for people of all ages and interests. From ice cream to fried dough, fast food to fine cuisine, arcades to mini golf – Hampton Beach has something to offer for everyone. We also offer a variety of seacoast hotels, motels, B&BS and beach cottages to choose from so you can stay as long as long as you want. When you arrive, please visit the Hampton Area Chamber of Commerce Information Center right at the corner of F Street. We are pleased to assist you in any way to make your stay in the Hampton area a pleasant and fun one.

It is our goal as a community to provide a safe venue for all our visitors hoping that the summer of 2021 will be much better than last year. Working with all our partners, the Chamber promises that it will work hard to continue to provide care and safety to all that come to the seacoast.

## LETTER

### from the Hampton Beach Village District Commissioners

Welcome to another summer of free entertainment! The residents and businesses of the Hampton Beach Village District are proud to sponsor another summer of free events. In June we will be celebrating the 21st year of the Annual Sand Sculpture Classic. We will also continue to provide all of the bands on the Seashell Stage and weekly fireworks (TBD). On Monday nights we will again be sponsoring the free movies on the beach with additional sponsorship by the Boardwalk Café and JB's. In July we will be featuring the Miss Hampton Beach Competitions. We are the major sponsor of the Children's Festival in August, and we will again be bringing the Hampton Talent Competition to Hampton Beach.

We would like to thank the Hampton Area Chamber of Commerce for their assistance and the New Hampshire State Parks for providing a venue for us to present our events. Most of all, we would like to thank the taxpayers of the Hampton Beach Village District for helping to finance all of the free summer events.

## VACATIONS to Remember

### The New Hampshire Seacoast sits at the crossroads of New England.

Between sea and mountains, Boston and Portland, it is at the heart of a unique region filled with amusements, history, and scenery. In short, New Hampshire's seacoast offers the best vacation values and countless opportunities you will find anywhere, for any budget, bar none. Not convinced?

#### Consider what you'll find: Tax-Free Shopping

You read that right. There is no sales tax in New Hampshire. This means so much more for your money, and all along the seacoast there are stores galore, filled with fashions, jewelry, and unique gift items that are locally made.

#### Great Dining

Do you want surf, or turf? Or perhaps both? Whether you want take out service, fast food, or an elegant dining experience we have a place for you. The seafood is freshly caught every day, and prepared by the finest chefs in the region. The variety of choices is hard to beat, from Italian to Chinese, pizza to chowder, ice cream to fried dough, and some specialties that are only available here for you to discover. The eating here is fine to dine!

#### Superior Lodging

With two centuries of experience catering to the needs of summer visitors, your hosts at the seacoast have generations of experience catering to what every guest wants. Of course, you will find all the modern amenities available anywhere you stay, whether it is a hotel, a motel, or cottage. The real question is, do you want a luxurious seaside view, someplace quiet, or an outdoor camping experience? All these options and more are available in the Hampton area.

# Hampton's Beautiful Beaches

## Hampton Beach State Park

Hampton Beach State Park covers over four miles of the New Hampshire Seacoast. Within this stretch of Atlantic coastline you will find three unique beaches to explore. Each one is slightly different, and all offer something for everyone to enjoy.

### North Beach

Located between High Street and a rocky point called Great Boar's Head, North Beach is the longest section of the beaches. Hidden behind a high concrete surf barrier, it almost vanishes at high tide and becomes a fine sandy plain at low tide. This is the place to come to catch some tasty waves if you want to surf, try surf fishing, or take a walk and watch the action from the heights of the wall.

### Center Beach

This is the heart and soul of Hampton Beach, extending from Church Street down to Haverhill Avenue. A wide, clean, sandy beach with pristine water is ready to greet you this summer, with events, tax free shopping, restaurants, arcades, and so much more.

### South Beach

Tucked between Epping Avenue and the mouth of Hampton Harbor is South Beach and the State RV Park. This quiet corner is ideal for those who want to camp out, or need a place for a large get together.

## There are six State Park beaches along the NH seacoast.

The NH State Beaches are a great family location with an Atlantic ocean-front setting—the sandy beach is ideal for swimming and picnicking. Amenities at the beach include a bathhouse. Metered parking is available. Pay Stations that are located at State Beaches accept cash and coins as well as credit and debit cards.

**NORTH BEACH** 920 Ocean Boulevard, Hampton, NH 03842

**NORTH HAMPTON STATE BEACH** 27 Ocean Boulevard, North Hampton, NH 03862

**JENNESS STATE BEACH** 2280 Ocean Boulevard, Rye, NH 03870

**WALLIS SANDS STATE PARK** 1050 Ocean Boulevard, Rye, NH 03870

Wallis Sands State Beach offers oceanfront swimming, views of the Isles of Shoals, and a sandy beach that families especially enjoy. Beach amenities include a store that sells a variety of items, food, and drinks; and a large bathhouse with hot and cold showers. The park has a grassy area with picnic tables, but fires are not allowed. The parking lot can accommodate 500 cars.

**ODIORNE POINT** 570 Ocean Boulevard, Rye, NH 03870

At Odiorne Point State Park picnickers can enjoy sweeping views of the ocean and rocky shore, and explorers can uncover evidence of past military occupation. An extensive network of trails wind through the dense vegetation and traverse the park. The Seacoast Science Center, which is located in the park, has exhibits relating to the natural and human history of Odiorne and the seacoast area (separate fee). The Seacoast Science Center will be providing free programming this summer for parks guests

# ACCESSIBILITY

## Accessibility for all

The mission of New Hampshire Division of Parks and Recreation is to provide all New Hampshire's citizens and guests with outstanding recreational, educational, and inspirational experiences through the responsible management and cooperative stewardship of the state's natural, recreational, and cultural resources.

**Universal Access** in NH State Parks and Historic Sites means providing recreation opportunities for everyone regardless of differences in ability. NH Division of Parks and Recreation welcomes all visitors to explore outdoor recreation on state lands.

### Accessibility Features:

- Reserved parking spaces
- Wheelchair ramps/battery charging stations
- Beach wheelchairs
- Hardened surfaces on trails and walkways
- Accessible restrooms
- Roll-in showers
- Benches in showers and changing rooms
- Easy-to-reach campsites

Given the vast size and scope of the NH State Park system, expanding accessible opportunities at parks and historic sites is an evolving and ongoing project. As we increasingly make our facilities and programs more accessible, information will continue to be made readily available at our facilities on this website. We encourage you to visit the **"Accessibility"** sections of each park and historic site page to find the latest accessibility information for that facility. We also strongly recommend that you contact the facility in advance of your visit to understand what you can expect and how best to make your experience positive.

There are great camping opportunities on the Seacoast! On the one hand, there are plenty of trails, harbors and rivers to explore in the great out of doors. On the other, you are a short stop from the amusements, entertainment and food at Hampton Beach. The best of both worlds is waiting for you along our scenic seacoast.

There is only one RV Park located directly on New Hampshire’s scenic seacoast, and it’s right at Hampton Beach. Located in the “*South Beach*” section, this idyllic state reservation is tucked into a corner of sand dunes between the Atlantic Ocean and the mouth of Hampton Harbor, right where Route 1A crosses over to Seabrook—a great place to camp, swim, fish, or watch the boats.

# Winners of the 20th Annual 2020 Master Sand Sculpting Classic

If there is one thing in all the world you must check out this summer, it must be the 21<sup>st</sup> Annual Master Sand Sculpting Classic.

Marvel as the sand arrives and a massive group sculpture rises in the center of the beach, honoring the sponsors of this event.

The actual competition takes place June 17-19, you can see giant sandy sculptures created before your very eyes from tons of sand. On the afternoon of the final day, you can go down on the sands to vote for the People's Choice.

The sculptures remain up, and illuminated for all to enjoy, day or night through June 26th. Best of all, this event is **FREE** to all, and something the entire family can enjoy during even a day trip to Hampton Beach, New Hampshire.

In the beginning, mankind discovered dough. He mixed flour with water and a host of ingredients, added yeast and it rose. But some knew a secret for special occasions for a special taste; they would take this miracle food "dough" and fry it. Today, using the art of dough making you too can enjoy the wonderful aromas of freshness when served fried dough, topped with your flavor of choice.
